**Clayton County Updates**

Dr. Olugbenga

Dr. Olugbenga answered questions and concerns regarding the status of the Clayton County Health District.

**COVID-19 Updates**

Carla Heath

On Monday March 16, 2020 in collaboration with the State Department of Public Health, a collection Pod was set up on Mount Zion Parkway. The building is the old CHOA Children's Healthcare. We were tasked by the Governor on Friday evening to have it set up by Monday morning. It is a Drive-Thru testing site which was originally led by the State however it has been totally transferred over to the local county Health Department. Janna McWilson is managing the nursing sector of the Pod. The site is not open to the public. The only people coming in through the drive-thru site are those who have been assessed and have been presented with a PUI number. These people have been determined to need testing.

**COVID-19 Updates**

Ola Adewale

Currently we have 3 positive cases and one deceased. We are waiting on results on additional test that have been sent out. Because Quest has a back log, we have been delayed getting the test back. This delay is all over the State and not solely in Clayton County.

**Building Updates**

Keisha Dixon

There was 23,000 square feet of the roof that was missed in the original replacement. We discovered this when the hard rain started to come back in. Brigilda Rea along with the finance department in LaGrange have identified funds that will help cover the costs. The cost for the roof will be about 410,000 with the contingency they put it at 450,000. Keisha is asking the board to vote to move forward with Garland as the contractor instead of bidding this out because it will take about 6 weeks for them to do the work. Provided we get a vote, by June 1, 2020 it should be complete, and we should be able to move staff in during June. Chairman Turner made a motion to approve, it was seconded by Dr. Lee Adams. Motion passed unanimously. Keisha will draft what needs to be signed and approved and send it to Chairman Turner. The document will then be signed by the board members.

**Adjournment**

Chairman Turner made a motion to Adjourn. Ms. Luvenia Jackson made a motion to approve and it was seconded by Robert Dolphin. Motion passed unanimously.
